60TH WEDDING DAY IS OBSERVED BY OCTOGENARIANS

**Mr. and Mrs. L. M. Mintner
Back From Celebration Held
by Parents of Former**

After attending the sixtieth wedding anniversary of his father and mother at Pon du Lac, Wis., Mr. and Mrs. L. M. Mintner, 1116 East Wilson avenue, visited friends at the old home of Mrs. Mintner at Marshfield, Wis. They are now back in Glendale.

Mr. Mintner's parents, Mr. and Mrs. John Mintner, are octogenarians, his father being 86 years of age while his mother has reached the age of 80. This is the first time Mr. Mintner has seen his parents in nine years and a happy family reunion was had. At the anniversary, there were fifty guests present and one evening was taken up with the ladies' aid. During the celebration two baptisms were held.

After the anniversary celebrations were finished, Mr. and Mrs. Mintner braved the heavy snow, which is still blanketing the country around Marshfield, and visited some of Mrs. Mintner's girlhood school chums. To her astonishment, some of the people in the country near this town have been more or less prisoners of nature all winter, as the snow was banked so high that it was practically impossible to go to the city, said Mrs. Mintner.

Heavy Damage by Storm

The severe damage done by the fierce ice storms in that section during the winter months is evident, as almost all the trees have broken branches, telephone poles are down and telephone service is still crippled, she said. The ice that collected on the telephone wires, subjected telephone poles to a strain according to an estimate made after one foot of the ice-coated wire was weighed and found to weigh four pounds. This soon caused the wires to part or the pole to break, which did happen in many cases and the telephone service was out for a period of two months. The fruit trees were also victims of the heavy ice and they now rest on the ground.

When Mr. and Mrs. Mintner started home, they were taken to the station in a sleigh and the sunshine of California and Glendale is a beautiful sight to them, she said. They were on the trip four and one-half weeks.

Speakers Selected for Oratory Contest, Local High School

Class tryouts for the annual high school oratorical contest, which is to take place May 5, were held last week and the representatives of the four classes were chosen.

Donald McMillan was the only candidate for the freshmen honors, but his speech was well prepared, so there will be no doubt about his representing his class well. In the sophomore class there were several contestants but after deliberation, the judges, Mr. Miller, Miss Smith and Mr. Webb, decided that Fred Peck was the winner.

The judges for the junior and senior tryouts were Miss Freeman, Mr. Hayhurst and Reverend Cole. Kathleen Campbell, who has had experience in a number of debates and previous oratorical contests, will represent the juniors to the best of her ability. The candidates for the senior honors were Dale Woods and Paul Hutchinson, two experienced orators. It was a close contest, both having fine orations, but after careful thought, the judges awarded the honor to Paul Hutchinson.

Thus, with the lineup for the speaking contest and the classes already making elaborate plans to win the Booth prize, it looks like some oratorical contest this year.

Literary Section of Tuesday Club Meets

A very interesting meeting of the members of the literary section of the Tuesday Afternoon club, of which Mrs. F. L. Hollingsworth is curator, was held yesterday at the home of Mrs. G. Wilson, 416 West Milford street. Mrs. John Dunn read a paper written by Mrs. C. E. Stanley on "American Modes of Travel and the Men Who Have Made Them Possible." Mrs. Dunn also gave a review of the book "If Winter Comes." The magazine review was given by Mrs. Wilson. Mrs. C. E. Hutchinson, president of the club, was the guest of the section.

At the close of the meeting refreshments were served. The next meeting of the section will be at the home of Mrs. J. E. Sargent, 509 North Kenwood street, on May 8.

LYDIA CLASS IN SESSION

The members of the Lydia class of the First Presbyterian church met yesterday afternoon at the home of Mrs. J. M. Eyerick, 107 East Chestnut street. After a short business session a social afternoon was enjoyed. There were twenty-seven members present. The house was decorated throughout with California poppies. At the close of the afternoon delicious refreshments of fruit salad, cake and tea were served.

Glendale Students Will Take Part In Shakespeare Festival

Glendale High school will take a prominent part in the Shakespearean festival at the Philharmonic auditorium in Los Angeles on Thursday of this week. The festival is given under the Oral Arts Association of Southern California. Twenty high schools are cooperating in the entertainment and will provide the drama and music for the occasion.

Glendale's part in the festival will be to stage the court scene from Shakespeare's "King Henry VIII." The dramatic class, under the direction of Miss Mona Gardiner, have been rehearsing this scene and will take part in the dress rehearsal which is held today at the Philharmonic auditorium.

The cast for the scene will include the following students: Robert Fry, Harold Sprague, Paul Hutchinson, Eldin Benge, Fred Terzo, Douglas Crum, Donald Cameron, William Justema, Doris Packer, Eleanor Sawyer, Mildred Stanford, Genevieve Mulligan, Dale Woods, Frank Balthis, Maynard Toll, Benjamin Robinson, Samuel Thompson, Bill Gibson, Wilfred Cline and Waldo Yard.

P-T. A. DELEGATES CHOSEN TO ATTEND DISTRICT MEET

**Annual Convention Is Called
for Thursday and Friday
of This Week in L. A.**

The activities of the eleventh annual convention of the First District California Congress of Mothers and Parent-Teacher associations will be centered in the Walker Auditorium building, Los Angeles, on Thursday and Friday of this week. Reports of officers and committees will begin Thursday morning at 10 o'clock. Paul E. Gross of Alhambra high school will speak in the afternoon on "The Four-Point Pact and Disarmament Conference." "The High School P. T. A.: Its Function and Purpose" and "The Social Life of High School People," will also be discussed.

On Friday resolutions will be presented for adoption and election of officers will take place. Mrs. E. B. Wyman, president of the Glendale high school P. T. A., is a candidate for parliamentary. At the last session also Nicolas Riccardi, president of the California Polytechnic high school at San Luis Obispo, will talk on "Does the State Owe Your Boy Anything?"

Glendale Delegation

A large number of the members of the various Parent-Teacher associations of Glendale are planning to attend some of the sessions of the convention. Delegates from the various associations who have been named are as follows: Colorado street, Mrs. E. S. McKee, Mrs. C. M. Cronk, Mrs. L. Lewis, Mrs. C. A. Perry, Mrs. W. H. Dotson, Mrs. Maurice Burke, Mrs. Rebecca Brant, Mrs. J. King, Mrs. Bert Woodard, Mrs. H. Thompson; Pacific, Mrs. Mae Rosenberg, Mrs. C. J. Kettle, Mrs. P. O. Lucas, Mrs. S. M. Cullen, Mrs. Leslie Tronshier, Mrs. George H. Moore, Mrs. Ralph Brown, Mrs. Ray Phillips, Mrs. J. F. Taitlow; Acacia, Mrs. William Alexander, Mrs. O. W. Esselman, Mrs. E. W. Evans, Mrs. F. G. Hartman, Mrs. Arthur Wilson; Doran, Mrs. A. H. Brown, Mrs. R. D. Henderson, Mrs. S. Maranville, Mrs. H. Speck; Broadway, Mrs. C. A. Bowlus, Mrs. A. J. Van Wie, Mrs. J. Kane, Mrs. H. Jepson, Mrs. R. Griffin, Mrs. Van Arsdol and Mrs. E. Martinez; Central avenue, Mrs. C. H. Crawford, Mrs. A. L. Morgan, Mrs. C. M. Taylor, Mrs. E. N. Farwell, Mrs. Van Hoorebeke, Mrs. D. F. Reichard, Mrs. H. V. Henry, Mrs. C. R. Basselle and Mrs. G. G. Blue.

Mrs. John Robert White, president of the Glendale federation, will also attend. The high school, Ceritos avenue, Intermediate and Columbus avenue associations have not as yet named their delegates.

At Last! Old Sock Bank Lets Them Go!

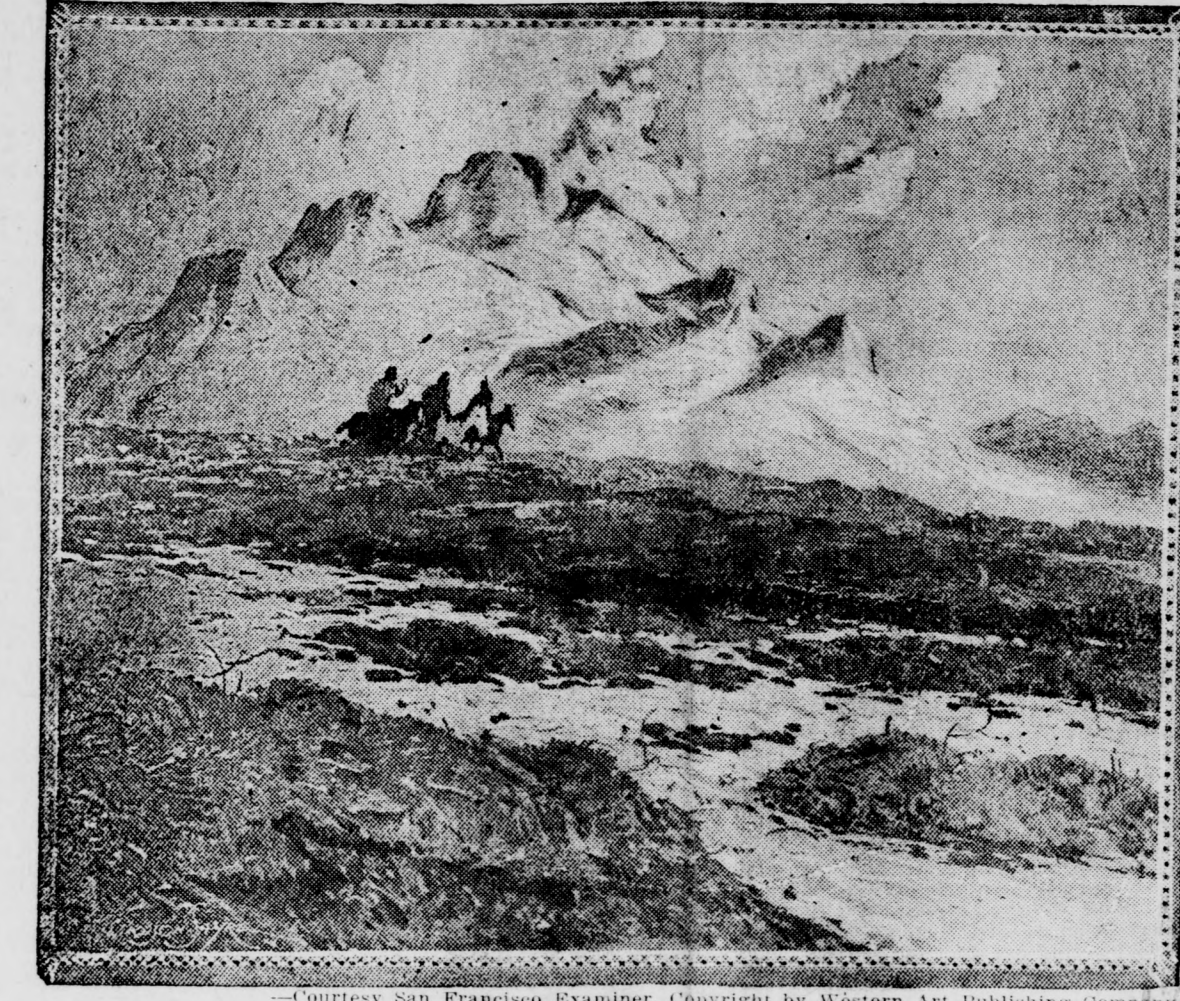

How long can you keep 60 cents? A 50-cent piece, which was minted in 1836, and a dime, which was coined in 1837, were presented this morning at Sarg's Market, 135 North Brand boulevard, in exchange for groceries.

F. C. Kearney of 221 North Howard street is unacquainted with the little girl who made the purchase but feels that these two coins have been keepers for a long time. Both of them are well worn and the designs on both are similar. The obverse side depicts the head of the goddess of liberty surrounded by thirteen stars. The reverse side illustrates the American eagle grasping a bunch of arrows while over its head is inscribed "E Pluribus Unum." One coin is marked "50c" and the other "10c."

ELSIE VERITY RETURNS

Miss Elsie Verity, daughter of Mr. and Mrs. W. H. Verity, returned yesterday after having spent the week-end as the guest of friends in Corona and Palm Springs.

"Riders of the Sunlit Range" — By F. Grayson Sayre

This is one of the most admired paintings by F. Grayson Sayre, well known artist residing at 914 South Central avenue, who is exhibiting at the art show opening in the Chamber of Commerce auditorium tonight. He has thirty-six originals on display and prints of this picture will be seen.

"Riders of the Sunlit Range," pictured herewith, is considered one of the greatest works done in the three years of success which has marked F. Grayson Sayre's masterful painting of desert and mountain scenes. He has thirty-six similar originals on display at the Glendale Chamber of Commerce auditorium with the work of the Sculptors' Guild, yet every one is different and equally interesting.

This study was made in Arizona and has been copyrighted for reproduction by the Western Art Publishing company. It was greatly admired at an exhibition in the Bohemian club at San Francisco and it is hoped to have it in Los Angeles soon. Prints will be displayed here.

DOGS, BEWARE! COPS WILL GET YOU IF NOT MUZZLED

**Cases of Rabies Cause Health
Officials to Urge Action
Be Taken By County**

Got a muzzle for your dog? The Board of Supervisors today was expected to pass a strict ordinance requiring owners of canines to keep every one muzzled in Los Angeles county.

The seriousness of the rabies situation was emphasized yesterday at a special meeting in Los Angeles under the auspices of the State Board of Health, which was attended by representatives from each of the communities in the county.

Glendale was represented by Dr. J. E. Eckles of 125 1/2 North Brand boulevard, local health officer, and Col. J. D. Fraser, chief of police.

Representatives of the state health office made it plain that, if the communities did not take immediate action muzzling their dogs, the state would quarantine the county. Comment was made upon the fact that two deaths from rabies have resulted in Los Angeles during the past three weeks and eight cases of rabies among dogs have been reported since September in Glendale.

Comes Before Council

The city council in discussing the matter last night decided to back the county authorities to the fullest extent and give E. E. Fram of 348 West Windsor Road, municipal dog catcher, as many assistants as necessary.

At present Mr. Fram feels under somewhat of a handicap because he has not proper "tools" and does not feel capable of "running down dogs" without a net or something with which to effect their capture.

The situation is interpreted by Chief Fraser to mean that, if action is taken by the Board of Supervisors, each patrolman would be expected to shoot any dog without a muzzle whether accompanied by its owner or in its own yard or alone on the streets. He is of the opinion that there are about 1000 canines in Glendale.

DR. BOYD IS SPEAKER

Dr. W. H. Boyd of Canton, China, who is staying temporarily at Sierra Madre, will speak tonight at the Presbyterian church.

"Dr. Boyd has been a medical missionary in the Canton Union hospital since 1899," remarked Rev. Louis Tinning, assistant pastor, this morning. "He is a very clear, convincing speaker and brings a thrilling story of his work there."

The service this evening will be in charge of Rev. W. E. Edmonds. Services are scheduled for every night this week except Saturday.

Cutups Are Here! Eh? Well, Sculptors Are In Our Midst

Shades of the Ku Klux Klan! The sculptors are in our midst. Their white smocks give an official and artistic touch to the atmosphere around the Chamber of Commerce auditorium where the Sculptors' Guild show opens to the public at 7:30 o'clock tonight.

This afternoon the first of the school classes are being admitted in order that all will see the remarkable display of statuary. Tonight has been assigned to the Glendale Music club and artists from the California Academy of Music will give the following numbers:

Etude Arensky
To a Water Lily MacDowell
Concert Study MacDowell
Miss Elsie Breidt.
Elegy of Massenet Rejinsky
By the Brook Coisecffre
Miss Marjory Vorhes.
Miss Gladys Vorhes, accompanist.

Kenneth Jackson Is Host at Dancing Party

Kenneth Jackson, son of Mr. and Mrs. R. D. Jackson of 1800 South Brand boulevard, gave a very enjoyable party to a number of his high school friends last Saturday night. Most of the evening was given to dancing but some special entertainment was provided. Miss Mona Gardiner, dramatic teacher at the high school, gave several very much appreciated selections which seemed to make a hit with the guests.

Those who enjoyed the evening were: Margaret Morgan, Dorothy McGinnis, Charlotte Winsel, Caroline Blythe, Marguerite Eckles, Evelyn Gregg, Cornelia Wilson, Bernice Huskins, Vivian Anderson, Miss Gardner, Wilfred Cline, Victor Colburn, Harold Sprague, Walter Sullivan, Bob McCourt, Waldo Yard, Paul Holland, Val Wilson, Mr. and Mrs. Jackson, and the host, Kenneth Jackson.

Thursday Club Plans to Give Card Party

The members of the Thursday Afternoon club, of which Mrs. E. V. Bacon is president, are planning a card party, to be open to the public. Thursday night, at the auditorium of the branch library building at Brand boulevard and Los Feliz Road. The chairman in charge of the party is Mrs. J. L. Wilbur, and the committee consists of Mrs. C. K. Lake, Mrs. Henry Moody, Mrs. Frank Peters, Mrs. W. E. Anderson, Mrs. Ed Fairfield. They will be assisted by Mrs. E. V. Bacon, Miss Cora Hickman and Dr. Jessie Russell.

Reservations may be made in advance from Mrs. Lake, Dr. Russell and Mrs. Bacon, or at the door the evening of the party.

SAN DIEGO IS VISITED

Mr. and Mrs. E. A. Hilton and family of 605 West Lexington Drive and Mrs. Hilton's sister, Miss Ruth Blakeman, motored to San Diego Saturday.

DISCUSS NEW PLAN FOR CUTOFF ON W. BROADWAY

**Committees at Work to Secure
Facts and Figures About
Proposed Improvement**

Property owners in the vicinity of West Broadway and Central are again interested in having Broadway extended across the property causing a jog at those corners.

The matter was under consideration about a year ago, but was dropped. However, several meetings have been held recently at the residence of James Sherman on West Broadway with the result that at the city council meeting last night Councilman A. H. Lapham requested Hartley Shaw, city attorney, to report on several legal questions involved in the proposed improvement.

It is understood that several committees of property owners are working on the project and, too, it is proposed to secure the aid of the Chamber of Commerce.

The present plan is to extend West Broadway from Central in the form of an S to join with West Broadway after that street passes Central. It is proposed to have the thoroughfare eighty feet in width and if the improvement goes through the plan is to give deeds to West Broadway property making that highway eighty feet in width.

A committee is securing a valuation of property involved in the proposed cutoff. An oil station, owned by A. P. Offutt, now occupies a corner on West Broadway and Central. The plan is not to touch that corner, but leave it in the form of a flatiron. It is stated that some of those who are now in favor of the improvement are working for its success.

It is probable that the cost will be assessed against an improvement district and at the council meeting last night Councilman Lapham requested City Attorney Shaw to present the various legal angles of the project.

Publicity for Glendale From Valley's Papers

Marked copies of newspapers published in the various San Fernando valley communities visited by the Glendale Chamber of Commerce caravan last week are being received by Secretary James M. Rhoades and this publicity for Glendale is very gratifying.

JOHN W. LAWSON'S HOME

Mr. and Mrs. John W. Lawson are now at home in the Castle apartments, 225 North Brand boulevard, and the latter reports that all except two suites have been rented to Los Angeles people who are glad to get the opportunity to reside in Glendale.

Miss Franc Kinch Is Guest of Honor at Kitchen Shower

Miss Franc Kinch of 328 North Brand boulevard was the guest of honor at a kitchen shower given at her home last night by the officers of Glen Eyrie chapter, Order of the Eastern Star, of which she is organist. Miss Kinch is to be married this week to John Rondon. The house was decorated throughout with yellow and white flowers.

The guests included Mrs. Daniel Campbell, Mrs. Ella Richardson, Mrs. Mary Plume, Mrs. W. A. Kulp, Mrs. Sallie Braden, Mrs. E. Carvel, Mrs. Frank Booth, Mae Warrick, Mildred Lyons, Mrs. James Wyvell, Mrs. Jennie Phillips, Miss Franc Kinch, Mr. and Mrs. S. C. Kinch and John Rondon.

The bride-to-be received many useful gifts. A social evening was enjoyed, during which delicious refreshments of orange ice and individual cakes, decorated with yellow roses, were served. Another treat had been prepared for the occasion by Mrs. Phillips, in the form of a large pyramid angel-food cake decorated with a miniature bride and bridegroom.

C. OF C. DIRECTORS AT LUNCHEON IN MIDST OF ART

**Soup Forgotten As Members
Marvel at Large Display of
Painting and Statues**

A feast for the eyes featured the luncheon this noon of the Glendale Chamber of Commerce directors who dined in the midst of an art display that caused more than one shirt front to be covered with soup.

Director George Bentley nearly created a riot among the sculptors who couldn't understand the hard-wood humor of his remarks about "ze beautiful zings." Other directors were equally undone and much business went by unfinished.

After calling the meeting to order several times, the routine was carried out and the cleanup week and school survey committee reports were given more or less attention. Reports on the trade excursion were made informally and the following new members were accepted:

Hi-Y Group No. 2 Visit at Long Beach

A number of members of Group No. 2 of the Glendale Hi-Y society and their friends, accompanied by Mr. and Mrs. G. Edwin Murphy of this city, motored to Long Beach Saturday afternoon, where they were the guests of the Young Men's Christian Association of that city. Those who made the trip were Livingston Thom, Cecil Wilson, Edwin Rike, Ronald West, Fred Stofft, Theodore Haig and Tom Woods.

Upon their arrival at the beach city the boys played an indoor basketball game with a Long Beach Hi-Y team, after which they all went swimming in the Y. M. C. A. plunge.

Following a banquet, which was served in the magnificent new association building, the merry-makers spent several hours on the "pike" before leaving for home.

sensation of knowing that every
word you said was being heard by
several others on the same line, and
you craved the privacy that is at-
tached to a one-party line telephone?
Now, let me tell you what radio
has gone and done, and right here
in Glendale, too!

Out at the L. C. Brand home, the
one we all know as the "Castle,"
they have a most modern radio
phone, both a receiver and trans-
mitter. Its range is most powerful and
the equipment is right up to the min-
ute. The home is also provided with
four different regular style tele-
phones.

Well, the other evening the family
was listening to a concert being
broadcast by a Los Angeles station
and everything was going along pret-
ty. Suddenly there was a slight in-
terruption and the listeners were
amazed to hear the voice of one of
the maids employed in the Brand
home being wafted right out of the
loud speaker of their radio-phone.

The maid was carrying on a conver-
sation over one of these same four
telephones with some one down in
the hangar, where they keep the
family airplane, and due to some un-
accountable reason the radio-phone
was picking up this conversation
word for word.

After some experimenting it was
found that this particular phone, sit-
uated about 100 feet from the radio-
phone, was the only one of the four
that the wireless receiver would pick
up, it having no attraction whatever
for the other three. Since then it
has been demonstrated that the wire-
less receiver will pick up any and
all conversations over this particular
telephone.

If you have both a radio-phone
and a telephone in your home, why
not see if yours will behave the same
way? I would suggest that when
your phone rings, have some member
of the family answer it, and at the
same time attempt to tune in with
your wireless, and see if you can get
results.

This is one of the new tricks of
radio, and if it is going to become
common practice for a radio set to
pick up ordinary telephone conver-
sation, it is a pretty safe prediction
we will all soon be exercising a lot
of rare judgment and choosing our
words with care when we start to
talk over a telephone.

**Questions on Radio
and Their Answers**

Question: Is there any legal reason why the landlord of an apartment building where I live can refuse to permit me to install a receiving set?—A. H. B., Glendale.
Answer: As the landlord owns the property and does not want you to install an aerial and receiver, it is naturally up to him. Would suggest that you locate a more reasonable landlord.

Question: What is the capacity of a 23 plate variable condenser? Also please tell me the capacity of a 43 plate condenser as well as a grid condenser? What is the difference between V T 200 and V T 201?—J. H. C., Glendale.
Answer: The 23 plate condenser is .0005 microfarads, and the grid condenser is either .0003 or .0005 mfd., and the 43 plate is .001 mfd. You evidently mean U. V. 200 and 201 and not V T 200 and 201. The first mentioned tube is used only as a detector tube and the second one (U. V. 201) is an amplifier tube.

Question: Can I construct a lead storage battery as shown in the sketch, and charge it from three dry cells?—P. L. E., Glendale.
Answer: Dry cells are rapidly exhausted to furnish a steady flow of current, unless the amount of current is very small. You would not be able to charge the storage battery as you describe in your sketch. For use on the filament on your vacuum tube secure a good six-volt storage battery and a variable resistance to control the filament current.

Question: How far apart should the antenna wires be?—H. A. B., Glendale.
Answer: For receiving only, a single wire is all you would need. Make this as high as possible. If two are used, a four foot spacing is considered correct.

Question: Is it against the law to repeat or publish conversations that you can hear most any time by listening in on the Catalina wireless telephone station?—G. S., Glendale.
Answer: Do not believe there is any such law on the statutes of California, but naturally if you repeated or published some conversation that might damage another there would be no reason why the injured party could not commence a civil action against you. Please understand I am not giving you legal advice as The News is not in the law business.

Question: What station in New York was recently heard in Los Angeles?—C. F., Glendale.
Answer: Possibly you refer to recent press dispatches regarding the new General Electric station at Schenectady, N. Y., spanning with the human voice by radio phone across the continent for the first time. The concert was broadcasted from Schenectady on a 360 meter wave length and acknowledged by wire three hours later from Oakland, Calif.

MRS. ETHAN WILSON GUEST OF HONOR AT RECEPTION

**Elaborate Social Affair Given
on Saturday Afternoon at
Morehouse Home**

More than thirty guests were present on Saturday afternoon at the home of Mr. and Mrs. M. Morehouse, 1000 East Lomita avenue, this city, when their daughter-in-law, Mrs. L. H. Morehouse, entertained at a reception given in honor of her daughter, Mrs. Ethan Wilson, who was formerly Miss Adele Morehouse of this city. She was married at the Morehouse residence two weeks ago.

The house was beautifully decorated for the occasion with numerous attractive combinations of California poppies and sweet peas.
The afternoon was spent in enjoying a number of novel guessing games, being concluded with a short musical program which was given by several of the guests. The latter included two pianologues by Mrs. J. C. Enner of Hollywood, a piano solo by Mrs. Wendell Miller of Huntington Park and several other well rendered selections. Refreshments were then served by the hostess, who was assisted by her sisters-in-law, Mrs. Glenn Widmark and Miss Bernice Morehouse.

Those in Attendance
Those who were present at the affair are as follows: Mrs. Eustace Moore, Mrs. M. Morehouse, Miss Bernice Morehouse and Mrs. Arthur Stables, Jr., of this city; Mrs. Wendell Miller of Huntington Park; Mrs. Glenn Widmark of Pasadena; Mrs. J. C. Enner of Hollywood, and the following named ladies of Los Angeles: Mrs. Paul Breese, Miss Sue Breese, Mrs. James S. Hoke, Miss Esther Hoke, Miss Lottie Franklin, Miss Martha Spangler, Mrs. O. P. Gripe, Miss Maxine Gripe, Mrs. Frank Miller, Mrs. Robert Wilson, Mrs. J. E. Moore, Mrs. J. A. James, Jr., Miss Addie Groover, Mrs. T. C. Archer, Miss Harriett Wilson, Mrs. Arthur Wilson, Mrs. William Pirch, Mrs. A. McConnell, Mrs. William Wilson, Mrs. F. E. Lintler, Miss Alice Russell, Mrs. Louise Lackey, Mrs. L. H. Morehouse and the guest of honor, Mrs. Ethan Wilson.

AT GLENDALE HOSPITAL
J. E. Dreher of Hollywood is now at the Glendale Sanitarium and Hospital with several ribs broken as the result of an automobile accident last night.

A minor operation was performed last night at the Glendale Sanitarium and Hospital upon Mrs. S. K. Richmond of Pasadena.

ELEVEN CANDIDATES ARE RECEIVED BY LODGE OF ELKS

**New Officers In Charge of
Meeting; Jinx Night Put
Over Until May 4th**

A class of eleven candidates was initiated last night into the membership of the local lodge, No. 1289, of the Benevolent and Protective Order of Elks at the regular weekly meeting of the organization. The ritualistic work was conducted for the first time by the recently elected corps of officers.

A delegation of officers and members of the Alhambra lodge was present, Past Exalted Ruler Elmer Potter and several others making brief speeches.

An announcement was made during the evening that the annual spring jinx and entertainment, which was originally planned to take place on Thursday night of this week, has been postponed until Thursday night, May 4. More than 600 Elks are expected to attend this novel affair, which will be headlined by a wrestling bout between Bull Montana and Young Hackensmidt.

Pictures by Wireless
Following last night's meeting, the members adjourned to the jinx room, where the usual light luncheon was served, after which they were entertained by Leroy Bishman of Ogden, Utah, nationally known wireless and electrical expert. Mr. Bishman demonstrated the use of one of his inventions of the method of transmitting a photograph via telegraph.

With two instruments set up, one arranged at each end of the stage, the audience was shown the details of the process when a picture of Gloria Swanson, famous picture star, was perfectly transmitted from the "sender" to the "receiver."

Mr. Bishman stated that the picture might have been transmitted between two instruments in London, Eng., and Glendale, with the same results.

Arthur G. Lindley
Drawing Church Plans

Arthur G. Lindley, architect, residing at 123 South Belmont street, is preparing working drawings for a two-story and basement church building to be erected by the Methodist congregation at Las Vegas, N. M. It will be of mission style with all modern improvements. The estimated cost is \$35,000.

This beautiful range is all porcelain, inside and out. It is completely rust-proof and as Easy to Clean as a China Dish. It is coated inside and out with Elastic, Heat-Proof, Metallic SANICO Porcelain fused into pure iron. Do not confuse this porcelain with others for there is no other like it. Instead of being principally glass baked onto cast iron and consequently as brittle as glass, this is a combination of six metals in the right proportion to fuse with a small amount of the usual porcelain ingredients, just enough to give it a glaze but not enough to make it brittle. It will not chip, crack, or peel from heat or cold. It is everlasting. The SANICO Porcelain Gas Range is made to give a lifetime of service. It is unbreakable; it cannot rust; it always stays new; it is the cheapest gas range you can buy at any price—the only range with a

HEALTH-AGAIN TALKS

By Dr. Otey

"DO YOU TREAT ONLY
CHRONIC CASES?"

Because Osteopathy's most startling achievements have been gained by the cure of patients that had exhausted every other known means without relief, some people acquire the idea that it is limited to such cases. This is not the case. The principles of Osteopathy apply to all disorders of the body—acute as well as chronic.

The public is slow to trust its acute cases to any new system. But a brick will absorb water, and the people are slowly but surely arriving at the sensible conclusion that if the Osteopath is capable of taking a diseased, run-down human body that has been making a long, losing fight with disease, and has been the receptacle of all kinds of patent nostrums, and is soaked full of all the poisons in the drug stores, and so release the nerve force and remove all these conditions that have been impeding the flow of the blood and nerve force, and make it possible for that body to throw off the disease and to eliminate through the waste channels the poisons and other deleterious materials that have been accumulating and to again have every organ and member assert itself as master of its own function with health and life renewed. I say it is a sensible conclusion that the Osteopath could have successfully handled that case in the acute stage.

the home of Miss Myra Bartlett, 217
North Louise street.

Mr. and Mrs. Joseph S. Huddy
have returned to Glendale after an
absence of ten months and are now
located at Maryland Court, 202 East
Wilson avenue.

Mr. and Mrs. G. O. Piercey and
daughter, and Mrs. Piercey's mother,
Mrs. M. J. Miller, have moved from
505 Patterson avenue to 626 North
Isabel street.

Mr. and Mrs. R. D. Angelica of
712 North Maryland avenue were
dinner guests Saturday night at the
home of Mr. and Mrs. C. W. Hanger
of Hollywood.

Mr. and Mrs. Wesley Staley have
returned to their home in Denver
after having been guests for the past
four months of Mr. and Mrs. M. B.
Conklin of 454 West Harvard street.

Mr. and Mrs. A. H. Kresling enter-
tained a number of local and Los
Angeles friends last Saturday after-
noon at a tea party at their new
home at 625 East Elk avenue.

Helen Wilcox and Junior Wilcox,
children of Mr. and Mrs. S. H. Wil-
cox of 1924 Gardena avenue, have
both had their tonsils removed and
are getting along nicely at their
home. Dr. J. Anderson performed the
operation.

Mr. and Mrs. C. Atchison have
leased a residence at 334 Ivy street,
which is owned by H. A. Miner of
119 East Palmer avenue, through the
agency of Mrs. Stella Goodman. Mr.
Atchison is connected with the
Grossman and Miller furniture com-
pany.

Mr. and Mrs. M. Galli are leaving
for Chicago after having been guests
for several months of Mr. and Mrs.
R. D. Angelica of 712 North Mary-
land avenue. Mr. and Mrs. Galli
and Mr. and Mrs. R. D. Angelica
were dinner guests last night of Mrs.
Myra Keaton of Los Angeles, mother
of "Buster" Keaton.

Billy Henson celebrated his fifth
birthday Friday, April 21, at his
home, 421 North Maryland avenue,
by entertaining a group of his
friends. Those present were Pauline
Jencks, Donald Olson, Tad Hankey,
Worthington Garner and the young
host.

At the social meeting of the Busi-
ness and Professional Women's club,
which will be held tonight at the
home of Mrs. Peggy Warner, 106
East Wilson avenue, Apartment 2,
there will be a short business ses-
sion, at which time the report of the
nominating committee will be given
and the names of officers for the
ensuing year submitted.

A new auto camp ground has been
started at 520 South San Fernando
road by Monroe Baughman, recently
of Kansas City, and Frank Hatfield
of Glendale. These two men have
leased a five-acre piece of ground
at that location and at the present
time electric lights, gas, shower
baths and other improvements are
being installed.

C. C. Pike, formerly of Oskaloosa,
Iowa, now in Glendale looking for
a suitable location to open a
drug store, yesterday entertained
W. H. Needham of Sigourney, Iowa,
a well-known newspaper publisher.
Mr. Needham has been in the news-
paper business for sixty-three years.
He has four sons in the same work.
He spends his winters in southern
California and, of course, is inter-
ested in the growth of Glendale.

B. M. Emerson, secretary of the
Pacific Union Conference of the Sev-
enth-day Adventist church, Elder J.
E. Fulton and Prof. W. W. Ruble
have returned to their headquarters
in Glendale after a trip to Loma
Linda where they inspected a school
site. Another car bearing officials
of the Southern California Con-
ference from Riverside was wrecked
during the tour and two of the party
were seriously injured. The machine
plunged 200 feet down an embank-
ment on Pigeon Pass, near High-
grove, turning over six times.

Mr. and Mrs. R. W. Altman of Ogden,
Utah, have leased a residence at
404 West Doran street, through the
agency of Mrs. Stella Goodman. Mr.
Altman is the owner of the Altman
Planing Mill, and he also has leased
an acre of ground on San Fernando
road, where he is locating his plant.
Mrs. Goodman also reports the sale
of a home formerly owned by A. W.
Snyder of East California street, to
Mr. and Mrs. A. Burton, of Salt Lake
City, Utah. They at first leased the
property and were so pleased with
Glendale that they decided to own
their own home. The transaction
was closed for \$6,000.

Mrs. R. W. Mecker of 1320 East
Colorado street, chairman of the
committee of Glendale women who
had charge of remodeling and fur-
nishing the hotel at the Monte
Vista home for children, was very
much pleased over the results of the
drive which was put on recently for
the purpose of clearing off the debt
incurred in the remodeling and fur-
nishing of this room. She states that
at the present time there are sixty-
nine children being cared for at the
home. Mrs. Mecker also states that
the committee has \$18.50 left over
which is being reserved for purchas-
ing towels and linens, but that dish
pans, kettles, paring knives, hand
brushes, and the like, are still need-
ed for the kitchen.

Glendale, Calif., under act of con-
gress of March 3, 1879. Published
daily except Sunday.

Locals and Personals

Miss Helen Payne of the Inter-
mediate school has moved from 512
North Louise street to the Bassell
Apartments on North Brand boule-
vard.

Mr. and Mrs. Elmer E. Smith, for-
merly of Kansas, spent Sunday with
Mr. Smith's niece, Mrs. E. W. Addis
at 417 Palm Drive.

Mrs. C. Donely of 215 South Cen-
tral avenue and Mrs. Stella Goodman
motored to Los Angeles and enjoyed
a matinee Saturday afternoon.

Mr. and Mrs. Bert Spears of 718
East Acacia avenue spent the week-
end as guest of their son, George M.
Spears, of Orange, formerly of Glen-
dale.

Mrs. A. E. Cole of Long Beach re-
turned to her home yesterday after
having spent several days at the
home of her daughter, Mrs. R. D.
Henson of 421 North Maryland ave-
nue.

Mr. and Mrs. P. E. Cory of 820
South Central avenue entertained as
their Sunday guests Mr. and Mrs.
Don Kelley of Toledo, Ohio, who are
contemplating making their home in
Los Angeles or Glendale.

Mr. and Mrs. Harold Salisbury of
Alhambra were guests over the week-
end at the home of Mrs. Salisbury's
mother, Mrs. Viola B. Wright, 616
North Orange street. Mrs. Salisbury
will be remembered as Miss Helen
Wright.

Mr. and Mrs. W. O. Terry of 1826
South Brand boulevard enjoyed a
motor trip to Long Beach on Sun-
day, where Mr. Terry attended the
men's Bible class of the Christian
church of that city. There were 900
present in that one class.

Mr. and Mrs. B. W. Shipman of
415 East Lomita avenue, entertained
informally at cards Saturday night.
A delicious supper was served at
midnight. Those present were Mr.
and Mrs. B. A. Young, Mr. and Mrs.
John F. Tassiere and Mr. and Mrs.
Shipman.

Mr. and Mrs. J. C. Barnett of 631
North Central avenue spent Sunday
in Long Beach where they were
guests of friends. Mr. Barnett, who
has been suffering from a prolonged
attack of neuritis, is very much im-
proved. He is under the care of a
local physician.

Mr. and Mrs. Charles Roos of 1909
Gardena avenue were luncheon
guests Saturday in Los Angeles of
Homer Grunn, the composer. Both
Mr. and Mrs. Roos have written ly-
rics which have been set to music
by Mr. Grunn, who, it will be remem-
bered, has appeared before the mem-
bers of the Tuesday Afternoon club
in concert.

R. F. Rountree, who claims Selma,
Ala., as his home, has been trans-
ferred to the Glendale Southern Pa-
cific station to help with the heavy
amount of freight now being handled
there. He is the third man on the
force. Mrs. Rountree accompanies
her husband and she expects to re-
side here this spring while he goes
to Imperial Valley to assist the S. P.
in handling the cantaloupe and let-
tuce crops.

Mrs. Stella Goodman of 645 North
Central avenue, accompanied by Mr.
and Mrs. A. Pond of Los Angeles,
her week-end guests, motored to Tu-
luma Sunday and spent the after-
noon at her cabin, which she has
been improving and where she will
entertain her friends over week-ends
during the camping season. Mrs.
Goodman has also recently installed
a fine new sprinkling system on the
lawn at her home, with 93 sprays,
which is proving very satisfactory.

Mr. and Mrs. J. F. Tassiere of
409 West Lomita avenue motored
out to the vicinity of Oxnard Sunday,
where a company from the Lasky
Studio is on location filming the
"Burning Sands." One hundred
tents have been set up for the ac-
commodation of the various mem-
bers and employees of the company,
and with the sets for the picture,
present a very realistic desert scene
that is attracting much attention
from the passing motorists. Mr.
Tassiere is connected with the
building department of the Lasky
company.

of 60 from pneumonia. He is sur-
vived by his widow, Mrs. Jean M.
Adams. Funeral arrangements have
not been made yet by Pulliam &
Kiefer.

Hoot Gibson Appears In 'The Fire Eater'

Can you do a "Hoot Gibson"?
Know what it is? Of course
everybody in Glendale does.

Hoot Gibson has gained such wide
popularity as a stunt rider as well
as actor that his name has become a
synonym for equestrian daredevil-
try. A "Hoot Gibson" is a stunt
rider that calls for all one's riding skill,
nerve and physical stamina.

In "The Fire Eater," which will
be at the Glendale theatre today
Hoot Gibson displays his best abil-
ities in the saddle as well as his fin-
est work as an actor. He is the cen-
ter of attention every minute with
his fast riding and clever tricks. It
is a Universal Special Attraction in
which there are many opportunities
for the exercise of the talents which
have brought the star's rise from
the two-reel class into the top ranks
of featured entertainers.

Tom Lingham, who is seen in
support of Gibson, also is well
known in Glendale, having lived here
for years. He will be remembered
as one of George Melford's original
Kalem comedy.

Zandt viaduct; two women drowned in the capsizing of a rescue boat near the viaduct; two persons drowned in the Van Zandt school district. No bodies had been recovered. Estimates of the damage this afternoon ran over a million dollars.

HUGE DEVELOPMENT PLAN IS OUTLINED IN MEASURE

WASHINGTON, April 25.—Development of the lower Colorado river basin on a \$70,000,000 scale by the building of a dam near Boulder canyon for the reclamation of 300,000 acres of arid land, is provided in a bill introduced in the senate today by Senator Johnson of California. The measure is designed to carry out the recommendations of the interior department.

MAN KILLED BY BANDITS, SO GIRL TELLS OFFICERS

OMAHA, April 25.—Albert Bowman, 35, was shot and instantly killed by five bandits on a lonely road near here, according to the story told by Maide Culbertson, 14, his companion at the time of the tragedy. This girl ran more than a mile after the man was shot and fell fainting into the arms of a farmer as she told her story. A small pearl handled revolver was found near the victim's body.

HARDING DOES NOT PLAN GOVERNMENT SUPERVISION

WASHINGTON, April 25.—President Harding's plan for the maintenance of permanent peace in the coal industry does not contemplate government supervision of operations of the mines, it was stated officially at the White House this afternoon. There have been no developments in the strike situation, it was said, and the administration is not yet prepared to make public all the details of its peace plan.

HEAVY STORM IS CAUSING LARGE LOSS IN TEXAS, CLAIM

DALLAS, Texas, April 25.—Torrential rains, approximating five inches in this city, have flooded vast areas in this section today. Many railroad and interurban connections are severed. The water was higher than ever known. Five miles of track between this city and Fort Worth are under water. More than twenty families are marooned here. Property damage, it was estimated, will run into the hundreds of thousands of dollars.

RUSSIA MAKES DEMANDS ON ALLIES AT GENOA MEET

GENOA, April 25.—Russia demands from the allies a five billion gold ruble loan and a thirty-year moratorium. These facts are obtained from the text of a tentative draft of the treaty submitted by the Russian delegation to the Genoa conference committee of experts on Russian affairs last night. The demand for five billion gold rubles loan was verbal, accompanying the document, and is believed to be a tentative figure over which the soviet is ready to negotiate.

MAKES REPORT OF CRASH

William Huber Junior of 344 West Park avenue has reported to the police department that a furniture truck he was driving early last night was upset at the intersection of San Fernando and Los Feliz Roads by a car driven by E. Swanson of Los Angeles.

Does Your Back Ache?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this convincing testimony.

E. L. Summers, 526 E. 8th street, Long Beach, Calif., says: "Doan's Kidney Pills have done me a lot of good and I gladly recommend them to anyone having kidney complaint. I consider Doan's the best remedy for this trouble. I had attacks of back-ache that made me feel miserable and I could hardly bend or stoop. The action of my kidneys annoyed me considerably, too. I used Doan's Kidney Pills and they soon fixed me up in good shape. My back is well and strong and my kidneys do not bother me."

IF BACK HURTS BEGIN ON SALTS
Flush Your Kidneys Occasionally if You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. Advertisement.

HUNTINGTON BEACH SQUAD FIRST IN TRACK CONTEST

Lincoln High School Comes In Second; Lots of Real Stars Brought Out

By HOWARD M'GILLIS, Sports Editor The Evening News
Emerging at the top of a list of thirty-five Southern California high school entries, Coach "Feet" Walker's Huntington Beach squad of cinder path artists, namely, Bickmore, Kerr and Nash, annexed the Southern prep track and field title on Saturday afternoon at Patterson Field, Occidental College, with a total of 20 points. The meet, which brought out more real stars than have faced each other in this section for many a day, was replete with thrills, the ultimate result not being known until the last event had been staged.

Tommy Davis' Lincoln squad, which went into the affair as the big favorite, was the runner-up with a mark of 16. Had the Railsplitters come through the four-man mile relay in first position they would have added five digits to their total and nosed out the Salt Air boys by a half point. But it wasn't in the cards for them to cop the championships, and the best they could do was to come in fifth.

Monrovia, mainly through the efforts of Ed Shaw, the colored all-around phenom, proved to be the sensation of the afternoon by finishing in fourth place with 12 points. Shaw, by winning first place in the quarter and the high jump, was responsible for ten of these. The remaining two points were made by Cypher, who took third in the mile run.

Nesbit Is Some Lad
Harvard Military Academy, who recently won the San Fernando Valley meet over Huntington Beach and several other first rate aggregations, came in sixth. All of their ten points were made by Nesbit, who copped the 100 and 220 yard dashes in the fast times of 10 seconds and 22.45 seconds, respectively.

Following is the complete list of the results:

Huntington Beach	20
Lincoln High	16

Bert Ellison Leads Coast League Batters
Bert Ellison of San Francisco, leads the Coast regulars in batting to date with the nifty figure of .446. O'Connell, also of San Francisco, is close up on his trail with .408, and First Baseman Mollwitz of Sacramento is in third place with .406. Sawyer and Smith of Vernon are tied with .404 and Gene Valla of San Francisco comes next with .396. Hale of Portland is next with .394. San Francisco again led the league in team batting with .330 last week while Vernon led in team fielding with .964.

The Sport Crucible
By Davis J. Walsh
International News Service Sports Editor

NEW YORK—Gene Tunney, who possesses the doubtful privilege of calling himself the light heavyweight champion, and Harry Greb, the best man in the world, are now in the heavyweights boundary line, are talking about a meeting for the American light heavyweight title, but can't agree on a location for the bout. Tunney is all for staging the fight at Boyle's thirty acres, Jersey City, where a champion can look forward to a gorgeous afternoon. Greb is holding out for Madison Square Garden, where two judges sit at the ringside and publicly proclaim what they deem to be a decision.

That is the sole factor now interrupting the negotiations. Greb merely objects to fighting for a title that he won't get unless he wins by a knockout.

Two of the best looking teams in baseball, the St. Louis Cardinals and the Washington Senators, are off to a bad start. They are being handicapped from day to day by careworn pitching. The Cards did get away running through the first few days, but Clyde Milan hasn't seen a really well pitched game by any member of his staff since the opening of the season.

Of course all pitching is an uncertain proposition just now and we are prone to believe that both clubs will be favored with more consistent flinging as the race goes on.

Walter Johnson, still the main dependence in Washington, has been thrown off his stride by sickness and trouble. We are pleased to believe that his loss of effectiveness is only temporary.

The Cards best bet, Bill Doak, human salivary gland, is not a spring pitcher, but Bill will be heard from later. So will Jeff Pfeffer, whom we expect to have a great year.

If your existence be tame, drab and dull and irksome, we suggest that you go to Franklin field on the afternoon of April 29, and there confine your vagrant attention to the running of the final leg of the two-mile relay championship of America.

Unless somebody comes a cropper, Larry Brown of Pennsylvania, holder of the world's record for 1000 yards, Tom Campbell of Yale, a 1:54 half miler, and Alan Helfferich of Pennsylvania State, national champion at 880 yards, will be sent on their way within a scant few yards of one another.

We leave the rest of the story to your talented imagination.

Former major league players now with teams in the Pacific Coast league are closely watching the work of Jimmie O'Connell of San Francisco who was purchased for \$75,000 by McGraw, to report next season. These former major league players have expressed themselves on O'Connell and they are now turning their attention to Willie Kamm, the San Francisco third baseman who is expected by local baseball men to be going to be even a better man than O'Connell.

That Kamm is classed by former eastern major leaguers as better than Heinie Groh, who was purchased by the New York Giants for \$100,000, will cause some surprise in the east. Hod Eller, the pitcher who played for the Cincinnati team for three years and who was a former teammate of Groh, believes that Kamm is a better man right now than Groh.

"I believe Kamm has it on Groh as an infielder and will become a far better hitter," said Eller. "Kamm plays a different style of game to Groh. He fields more gracefully, throws as accurately and is faster getting a ball away from him. Groh plays in closer to the batter and his idea is to knock down the ball and recover it in time to get the batter at first. At bat, Groh, because of his peculiar position at the plate, puzzles some pitchers, yet I honestly believe Kamm is going to be a better hitter. In the first place Groh never was as hard a hitter as Kamm and in the second place he is easier to 'cross up.'"

In the first series of the Coast League ending on April 9, Kamm had an average of .360, and his supporters did not believe he did himself justice. That there was some ground for this contention was shown in the second series, ending April 16, when Kamm's figures for the particular series jumped 26 points or .386, while his average for the first two weeks complete showed .370.

Here are Kamm's figures for the first two series:

	G.	A.	R.	H.	P.
First series	7	25	11	9	.360
Second series	7	29	9	11	.386
Boud series	14	54	20	20	.370

The second week's play showed Kamm to much better advantage than in the opening week. Both in batting and fielding he showed much more finish than in the first week and that he raised his batting percentage for the same number of games shows that he is rounding into shape.

Hod Eller's remarks will probably cause some criticism in the east, where Groh is looked upon as the last word in what a third sacker at first. At bat, Groh, because of his sincere in his comparison of the two men.

The World Over

In these days when there is such a scramble everywhere to get new athletic records written into the books, it is refreshing to note that the Hawaiian Amateur Athletic Union has declined to petition the National A. U. to accept cinder records recently made there by Charles Paddock. The reason given is that island tracks do not conform altogether to A. A. U. requirements.

The great bugbear of the average athletic statistician is the constant claims of this or that section or meet to records of various kinds from sectional to world's. Then when the thing is sifted down, it usually develops that there is something wrong and the thing is thrown out anyhow, but everything has to be changed back again. This is just what would have happened in the case of Paddock in Hawaii. A lot of claims and trouble gone through only to find that the track did not conform. To the credit of the Honolulu officials be it said, they found their track did not conform before and not after all the claims were made.

This leads to the query; why does not the Honolulu, or the Hawaiian tracks, conform to the A. A. U. standards? If it is because of some reason over which there is no control or no remedy, there is nothing further to be said. But if it is through some difference in construction or some other item that can be corrected, it would seem very shortsighted not at once to remedy the differences. The islands now have lost the chance of being entered upon the record books. For all time athletic annals would note that here a record was either tied or broken. Under present conditions Hawaii can never figure. Certainly it would seem fitting to do so immediately to remedy the defects if it is possible to do so.

Coronado, Calif., is contemplating putting on a dog show, and Mrs. Raymond V. Morris, secretary of the ladies' committee, has been in communication with the headquarters of the American Kennel club in New York, in the matter of securing the proper sanction. A date will be selected which will enable dog owners from the north to enter their animals. Los Angeles expects to put on a bench show next month and it is the plan of the Coronado officials to immediately precede or follow this fixture so that there will be little expense or time required in transferring the dogs from one point to the other.

One bad inning by Wilbur Hubbell allowed his little playmate of other years, the well and widely known Giants, to beat the Phillies 3 to 2.

Betty Comson Stars In 'Green Temptation'

Betty Comson scores heavily in her latest Paramount starring vehicle, "The Green Temptation," showing this week at the T. D. & L. theatre. She portrays a versatile role of a woman whose life undergoes two big, vital transitions. She has three names in the picture and in reality portrays three different characterizations.

First, she is the typical French Apache who loves the "game" and is one of the most notorious female crooks in Paris; then the theatrical dancer, the idol of the French capital, and during and after the war, the broad-shouldered woman, whose complete regeneration has been brought about by the tragedies and horrors of the conflict.

Theodore Kosloff, noted Russian dancer and screen actor, plays the heavy role—the Apache—Gaspard. Vamps, Vamps, Vamps. There is nothing new under the sun. If you doubt it, see the oldest vamp of them all, Kalypsos, the ancient Greek goddess, who was cast out of Olympia for raving the young gods, as portrayed by the clever and beautiful young actress, Gracey Stuart, in Kalypsos. A modern cocktail with an ancient tang.

News Notes From Southern Glendale

(Continued from Page 4)

Cleaners and Dyers Opened for Business

The Fair & Square, cleaners and dyers, recently opened at 3409½ Glendale boulevard, have been enjoying a splendid business. The new concern is operated by Mr. and Mrs. V. F. Sampson who are experienced people in their line of work.

The Fair & Square are cleaning and pressing men's suits for \$1 and sponging and pressing for 50 cents. A specialty is announced in cleaning and reblocking straw hats, both men's and women's, for the coming season. Owing to the difficulty of securing new telephones, the new firm has made arrangements for telephone service at Glendale 362.

VISIT FRIENDS AT DOWNEY

Mr. and Mrs. B. G. Jackson and their baby, Wesley, of Southern Glendale, motored to Downey last night to visit friends. Before having his garage erected at 1600 South San Fernando road, Mr. Jackson was in the garage business in Downey and knew many of those who were affected by the recent explosion there.

LUMBER FOR 6 BUNGALOWS

Hollywood is a good field for Glendale commercial activity, according to W. B. Lutton, estimate man for the Bentley-Schoeneman Lumber company, 460 West Los Feliz Road. He reports the sale of lumber for six bungalows at 2065 Catalina street to W. B. Miller.

W. L. FLOYD ON VACATION

W. L. Floyd, 421 West Cypress street, is taking a vacation from his shoe repair shop at 1503 South San Fernando Road, which is being managed by W. T. Darden of 204 East Cypress street. He is assisted by "Charlie" Smith of 3027 Rosslyn street.

RADIO REX IS NOW HERE

New dog in Southern Glendale. His name is "Radio Rex." When his name is called in a masterly voice, he jumps out of his kennel at C. L. Brenkman's Electrical and Toy Store, 1524 South San Fernando road. Green kennel with a red roof for a brown dog!

War Mothers Meet Wednesday Afternoon

The regular bi-monthly business meeting of the Lester Myer chapter of the War Mothers of America will take place on Wednesday afternoon of this week at the American Legion hall at 610 East Broadway. This announcement was made yesterday by Mrs. J. B. Sherwood, president of the chapter, following the decision of the housing committee to discontinue holding the meetings at the homes of members.

A large turnout is urged for Wednesday's session as arrangements will be made for the local organization's part in the coming state convention, which will be held in Los Angeles on June 15, 16 and 17. Several committees are to be appointed in addition to the selection of delegates.

Disposal of Garbage Discussed at Meeting

The everlasting problem of garbage disposal provided the principal topic of discussion before the Glendale Merchants' association yesterday noon. Forty-six business and professional men were present and City Manager W. H. Reeves outlined the city's attitude in the matter. Several merchants spoke relative to their needs for this service.

Attorney Owen C. Emery, justice of the peace, gave some free legal advice relative to collections and William J. Davis appeared before the association in behalf of a program being published for the Rotary club's international convention in Los Angeles. David Crofton and Owen C. Emery were appointed as a committee to confer with the Chamber of Commerce on the subject.

First Day of Science Class Large Success

Splendid success marked the first day of the Domestic Science class which started a week's work at the Trice Furniture Company store, 118 West Broadway. Mrs. Mary Marchmont states the attendance is greater than expected and today there likely will be double the number present.

The \$50 prize money offered by the manufacturers of Sanico gas ranges, in addition to the free instruction, should prove a big attraction.

Rev. E. F. Stuart to Be Speaker Tonight

Rev. E. F. Stuart, who recently returned from missionary work in China, at 7:30 o'clock tonight will address those present at 310 East Chestnut street in the Christian and Missionary Alliance tabernacle. Special music for the occasion will be furnished by a male quartet consisting of G. A. Smart, 304 East Chestnut street; S. W. Wilson, 415 East Broadway; H. Henderson, 401 North Columbus avenue; and E. N. Smith, 1415 East Colorado street.

City Council Meeting

Council assembled at 7:45 p. m., all members present. Minutes of the regular meeting of April 20, 1922 and special meeting of April 21, 1922, were read and approved.

San Fernando Lights

Messrs. Griffin and Wilson, representing property owners on San Fernando Road, appeared and asked action on petition filed for installing lights on that thoroughfare. They also submitted plans for two light standards that had been approved by their committee and asked that these be used. The matter was discussed and committee informed that final decision would be rendered at the next meeting.

Culverts on Central

Mr. Dustin, 112 West Milford street, appeared protesting against the open gutters at Doran and Broadway Central avenue.

Congregational Church

Petition signed by property owners supplementing a request from the First Congregational church for permission to set building closer than 25 feet presented at a previous meeting, was read and on motion of Councilman Stephenson, granted.

Protests for Improvement

This being the time for hearing protests for improvement of Kenwood street from Broadway to Colorado street with water pipe and resurfacing. There were no protestants present and the clerk reported a protest received showing 75 per cent against said improvement. On motion, protests were sustained.

TWO-STORY BUILDING WILL BE ERECTED AT TRIANGLE

Change Made In Plans In Answer to Many Inquiries for More Apartments

Plans for the building to be erected at 1726-28 South San Fernando road north of the Gateway Market building in the triangle at Brand boulevard and San Fernando by C. J. Orff and daughter, Miss Corinne E. Orff, of 465 West Milford street, under the direction of Clarence O. Smith, contractor, have been changed from a one-story to a two-story building to be 50x70 feet. The change in plans was made, it is stated, on account of the increasing land values in that section of the city and also on account of the number of inquiries for apartments.

The front will be finished with buff colored high grade ruffled brick with white glazed brick trim and tile inserts at the top. Variegated Batchelder tile finish will be used under the plate glass store windows. There will be three stores, two of which will be 16x70 feet and one 14x70 feet, to be finished in French grey. Prism tile ventilators will extend across the entire front of the building.

The second floor will comprise a large office room, one four-room apartment so arranged as to be easily converted into offices at some future date, two three-room apartments, two two-room apartments with built-in beds.

Latest Appliances

Hardwood floors will be used throughout the apartments with the exception of the bathroom floors, which will be of tile. The bath tubs will be tiled in and also the sink boards in the kitchen will be of tile. All of the latest appliances will be found in these apartments. There will be automatic water heaters and electrically controlled night latch on the main entrance door to the second floor.

Excavation has already been completed and work is being started on the foundation for this new building.

Milton Berry Tells of Paralysis Cures

Milton H. Berry, formerly a resident of Chicago, but for the past two years a specialist in drugless science, with offices in the Merritt building, Los Angeles, is a resident of Eagle Rock and, in his announcements, states that he is having remarkable success in treating men, women and children suffering from apoplexy, infantile paralysis, high blood pressure and nervous diseases.

Mr. Berry, while in Chicago, was associated with Dr. John B. Murphy, noted surgeon. He is now permanently located in the Merritt building in Los Angeles.

In speaking of his work, Mr. Berry cited a number of cases of paralysis, infantile and adult and apoplexy which, he stated, he has corrected. "I have demonstrated beyond a doubt that the physical disability as a result of paralysis can be corrected in a majority of cases," said Mr. Berry. "One of my patients, a woman 80 years of age, bedridden for seven months, right side totally paralyzed, given up as incurable, was brought back to almost normal condition—all within three months. I refer to Mrs. Holcomb, mother of Mrs. F. C. Engle, 867 North Andrews boulevard.

"This is but one of many cases. I have a large number on file, all residing in or adjacent to Los Angeles. The names and addresses of these will be furnished to anyone interested who will call at my offices in the Merritt building, Los Angeles. Some were bedridden, others in wheel chairs or using crutches or canes, and all have been restored. My work of the past two years here is open to inquiry—and consultation is free."

Frost Prevention Will Be Talked at Covina

Frost prevention methods will be considered at a convention to be held Saturday, April 29, at the Covina Orange Growers' association packing house. The call was issued by the Covina Chamber of Commerce. The arrangements are under the direction of the frost prevention committee of the Covina Chamber, L. L. Rakein, chairman. C. E. Crawford will be in active charge of the program.

Secretary Calkins of the Covina chamber said that invitations were sent broadcast throughout Southern and Central California citrus districts, and particularly to chambers of commerce and citrus associations in these sections.

The morning of the convention will be given over to the smudge pot methods particularly, while the newer plans of frost fighting will be discussed in the afternoon.

Covina is holding a two days' festival, Friday and Saturday of this week, the second of these days corresponding with the frostless convention.

JAYHAWKERS WILL MEET

Jayhawkers of southern California will meet Thursday night in Forum hall, 203 Mercantile Place, Los Angeles, for an informal program at which Harry W. Sleat will sing.

In most cases it isn't what the young man earns that makes him rich; it's what the old man saved.

COMMENT THAT'S ALL

Art Begins Where Words Fail
Luciferin, the New Light
Glendale in Other States
Of Course, You're a Booster

By Gil A. Cowan

LENDAL is indeed privileged to have a display of sculpture and painting this week at its Chamber of Commerce auditorium which probably has never been equalled in the way of a civic event.

Gathered together from the four corners of the earth in southern California are the artists of every nativity who specialize in molding dull clay into wonderful living things.

Words fail to convey the grace, the humanity, the character, the delineation of nature to be found in each and every one of the statues, plaques, medallions and miniatures.

And in the way of paintings the works of F. Grayson Sayre, who is a resident of Glendale, give new vision of desert life. They are a revelation of God's country and its far flung expanses of nothing but natural creation.

The sand dunes, the valleys, the sunrise and sunset, the rivers, the range—all vividly portrayed in an inspirational manner that is confusing in reality, entrancing in color and alluring in imagination.

Each evening the music, dance and drama will have its share in this "million dollar" show and while that alone is worth the small admission, the call of culture seen in sculpture—the art of the ages—is the predominant note of the exhibition.

From the Japanese sea comes a crustacean, no larger than a small insect. In this is found a substance resembling the phosphorescence of a glowworm.

Professor E. Newton Harvey of Princeton has used this as a basis for his discovery of "luciferin," a new cold light which may in time revolutionize present illuminating conditions.

Columns are being written by eminent scientists on the subject, for a heatless light will mean much in industry. In coal mines, refineries, film laboratories—oh, so many places—this discovery will save thousands of lives.

Yet it seems strange to think of the luminous carrying a bucket of luciferin around with him and painting the bright lights of Brand boulevard and Broadway each night.

"A live paper in a live town" The Glendale News comes to hand from Glendale, Ariz. It has the same public spirit that has marked the success of its big brother here and two columns of its front page are devoted to an editorial entitled, "Let's Go."

Here is how it starts—and the words are applicable to Glendale, Calif.: Glendale, Ore.; Glendale, Colo.; Glendale, Md.; any other Glendale, for that matter.

"By their DEEDS shall they be known," and no doubt this time old saying carries a great deal of truth in many cases, but to the writer's way of thinking there should be another version of it, which should read like this: "And by their LOOKS shall they be known."

"It is a well established and recognized fact that a town or community is not only judged by the things it does, but also by the appearance it presents.

"Admitting this statement to be true—HAS EVERYTHING POSSIBLE BEEN DONE TO MAKE GLENDALE THE MOST ATTRACTIVE LITTLE CITY IN THE VALLEY?"

"Civic improvements can be accomplished only through co-operation, and, with the united effort of every business man in Glendale, this town in three months could be pointed out as the cleanest, prettiest, most desirable place in which to live in the whole valley—yes, in the entire state.

"People are very much like sheep, and if business houses take the lead in this civic improvement, there isn't a doubt but that every property owner or renter will fall in line.

"Let's go!" How well these words could be applied to the cleanup week campaign now in progress. Every person who cleans up his premises causes another to go and do likewise.

Glendale, Ariz., is a mighty fine little place, suburban to Phoenix, and situated in the Salt River Valley, similarly to Glendale, Calif., in the San Fernando Valley.

Glendale, Md., is a suburb of Washington, D. C., and is a haven for the commuting office-holder or clerk from the capital city.

Glendale, Ore., is a pleasantly sequestered nook up in the hills where valley and range meet each other.

But there is no Glendale that compares in size with this city in southern California, the fame of which has spread from the South Seas to the barren shore of Labrador.

Eastern tourists tell us that the great growth here is better known "down yonder" than in Los Angeles.

The question arises: Are you who commute daily to the metropolis doing your share as missionaries in making known the wonders of this city.

Or are you saying nothing, or knocking?

Mixing Concrete Is Subject for Lecture

The Los Angeles chapter, American Association of Engineers, has arranged with Gus A. Abrams, instructor in structural materials at the research laboratories of the Lewis Institute, Chicago, to make a talk in Los Angeles Wednesday night at the Union League club auditorium on modern scientific methods of mixing and placing concrete. All interested in the subject are invited to be present by the secretary of the association who is a resident of Glendale.

PROF. OSBORNE NOW ACTING AS MAYOR OF EAGLE ROCK

Pledges Better Fire Protection, More Policemen and Lights and Financial Report

Eagle Rock city now has a new mayor, Professor Sherrill Osborne having been elected at a meeting of the city fathers. He pledged the people better fire protection, more policemen, more street lights and a full report on the city's finances.

The water board was reappointed, but other positions were not decided upon. Very few changes are forecast in the official family.

Plenty of Entertainment

When it comes to real entertainment the Tujunga Legionnaires are in a class by themselves. At a radio concert and vaudeville show presented Friday and Saturday nights of last week the people of the green Verdugo hills decided they got more for their money at home than they did in any Los Angeles theatre.

Fifteen numbers on the program provided three solid hours of entertainment and no less personage than Ian Craig, well known vaudeville star, had charge of staging the show. Both the Kinema and Hamburger wireless concerts were used while Rutland and Vail of Victory post, Los Angeles, did a blackface number that was a knockout.

Make Good Targets

Tujunga got some street lights not so long ago and the small boy with a rifle has taken it upon himself to use the glass globes as targets. As a result of this practice four lights were darkened in one night. The Tujunga Board says that "if all of the misplaced energy of all the young boys of the world could be properly directed and made constructive instead of destructive, the old people past twenty-four or thirty wouldn't have to work any more."

Now at Eagle Rock

Eugene Danilovitch and Waldimar Trizinky from Russia are enrolled at Occidental college in Eagle Rock. They reside with the Rev. and Mrs. Curtis of Woodrow avenue. They are sons of the finest families of the red-rudered country, yet they are learning American ways and industry by assisting in caring for the college grounds.

Masons to Hire Hall

After many months of discussion of plans for creating a building suitable for the housing of a Masonic lodge the Acacia club, composed of members of the Masonic order in Tujunga, swept all building plans aside for the present and approved a motion to hire the hall now leased by the Sunland Chamber of Commerce and proceed with the organization of the lodge.

Buy Eagle Rock Lot

Saul Frank of Glendale has purchased a business lot adjoining the Eagle Rock city hall, according to reports made by the Edwards & Wilkey company. It has a frontage of thirty feet on Central avenue. The buyer expects to build to suit the tenants. Mr. Frank resides at 214 North Central avenue, Glendale.

To Tour in Europe

Mr. and Mrs. W. G. Kurlie of Tujunga are leaving May 1 for a tour of Europe and will visit Germany, which was Mrs. Kurlie's home forty years ago, the Thuringian Forest and the Passion Play at Oberammergau. Returning about November they will give up their Los Angeles home and build a rock house on their property in Tujunga.

Dragons Invade Hills, Enjoy Life in Camp

The newly-organized Dragon fraternity of which Joe Maier, 608 North Adams street is president, left by automobile Saturday afternoon for the Dragon Lodge, which is located high up in the mountains overlooking a stream of water. The Dragons hiked from their cars and arrived at the camp about sundown. Orrin Barnes and Roy Mason, two prospective members on pledge, were required to do all the camp work, stated a report of the fraternity.

After an old-fashioned dinner, the Dragons gathered around the fire place and cracked jokes and sang melodies, accompanied by a banjo. Sunday morning was given over to devotional, led by Sabin Buck. A hike up the mountain was taken before breakfast. A secret program was carried on until late in the afternoon.

Those present at the camp were Joe Miller, Gail Kennedy, Sabin Buck, Edward Smith, Orrin Barnes and Roy Mason.

Japanese Musicales to Be Given by Church

The members of the Congregational church are planning a "Japanese Musicales" to be given in aid of the music fund of that church the night of May 8 at the Chamber of Commerce auditorium. Mrs. Charles A. Parker will have charge of the program. There will be solos and choruses from the Japanese opera "Mikado" and "The Geisha," with Japanese stage settings.

Among those who will assist will be Helen Graham Cole, soprano; Mrs. A. M. Draper, contralto; Mrs. Gladys G. Sherman, soprano; Mrs. Charles A. Parker, contralto. There will also be a male quartet, consisting of Charles Comfort, A. M. Draper, Blake Franklin and H. W. Yarrick. Readings and whistling numbers will round out the program for the evening.

Our specialty this week will be children's hats at \$2. BUSHNELL MILLINERY PARLOR, 1510 South Brand.—Adv. 4-28
